

DATA SHEET

L110 - Elite Leisure Battery

Specifications

Nominal Voltage	12
Capacity - c20 Ah	110
Capacity - c10 Ah	
Capacity - c5 Ah	

Dimensions mm

Length	349
Width	175
Height	
Height over Terminals	235
Weight Kg	24

Terminals

Terminal type A - Standard tapered automotive post

Terminal Layout See layout

Performance & Characteristics

Internal Resistance mOhm

Self Discharge

Construction Type Wet lead acid battery
Two handles
Particularly suitable for leisure applications
Maintenance-free (no topping up)

Design Life - EUROBAT Classification

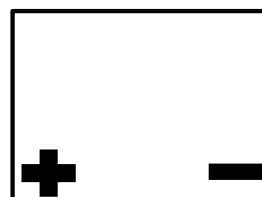

Approvals

Applications

All Purpose, light starting and light domestic. Ideal for camping and caravanning.

Layout

Recyclable

CPC Batteries accepts no liability for changes by the manufacturer - Suitability for application remains the responsibility of the end user
